EDUCATION

Pimpri Chinchwad College of Engineering, Pune.   **2021 – Present**
B.Tech - Information Technology- CGPA - 8.94   *Nigdi, Pimpri Chinchwad*

COURSEWORK / SKILLS

- Data Structure and Algorithms (DSA)
- Database Management System (DBMS)
- Operating Systems
- OOPS Concepts
- Computer Networks
- C, C++

EXPERIENCE

Event Team Lead, Codechef PCCOE Chapter ⧉ | **June 2023 - Present**

- Successfully orchestrated and executed 2 coding contests, attracting participation from diverse skill levels and enhancing the coding culture within the community.
- Conceptualized and coordinated a major interdisciplinary hackathon covering web development, blockchain, DevOps, and mobile app development, fostering innovation and collaboration among participants.
- Oversaw all aspects of event planning, including venue selection, budget management, and liaison with sponsors, ensuring the smooth execution of high-quality events.
- Played a key role in the promotion and outreach efforts, resulting in increased participation and positive feedback from participants.

PROJECTS

NewsMonkey ⧉ | HTML, CSS, JS, React   **2023**

- Developed a React-powered news aggregator, NewsMonkey, with real-time updates using NewsAPI.
- Seamlessly browse headlines, articles, and breaking news.
- Achieved a sleek, responsive interface for an immersive news reading experience.
- Integrated NewsAPI for up-to-date news content.

Tip Calculator ⧉ | HTML, CSS, JS   **2023**

- Created a user-friendly web tool, the Tip Calculator, to streamline the calculation of tips for dining experiences.
- Simplified the process of calculating tips for users.
- Designed an intuitive and easy-to-navigate interface for a seamless user experience.

Textutils ⧉ | HTML, CSS, JS, React   **2023**

- Developed Textutils, a React-based text manipulation tool, offering features like word and line counting, text case conversion, clear, and easy text copying.
- Provides convenient options to convert text to uppercase or lowercase.
- Built using React, incorporating Props and useState for a smooth user experience.

TECHNICAL SKILLS

Languages: C++, C, JavaScript, SQL
Technologies/Frameworks: HTML5, CSS3, React, Bootstrap, MongoDB
Developer Tools: VS Code, PyCharm, IntelliJ

Coding Platforms

- **Codechef:** 1430+ Rating, Solved **270+** Problems ⧉
- **GeeksforGeeks:** Solved **450+** Problems ⧉
- **Codeforces:** Max Rating **838 (newbie)** ⧉
- **Coding Ninjas:** Max Rating **2158 (Expert)** ⧉

EXTRACURRICULAR

- Conducted a session at our college on Competitive Programming and the pivotal role of Data Structures and Algorithms (DSA) in job placements.
- Conducted a targeted interview preparation session this year, equipping students with essential skills and insights for successful placements.
